$$1 \text{ saree} = 560$$

$$3 \text{ saree} = 3 \times 560 \\ = 1680 \text{ Rs}$$

$$1 \text{ bottle} = 90 \text{ Rs}$$

$$6 \text{ bottles} = 90 \times 6 \\ = ₹ 540$$

$$\text{Total} = 1680 + 540 \\ = ₹ 2220$$

Umatai purchased following items from a Khadi - Bhandar.

(i) 3 sarees for 560 rupees each.

(ii) 6 bottles of honey for 90 rupees each.

On the purchase, she received a rebate of 12%. How much total amount did Umatai pay ?

$$\begin{aligned} \text{Rebate} &= 12\% \text{ of } 2220 \\ &= \frac{12}{100} \times 2220 \\ &= \frac{12 \times 222}{10} \\ &= ₹ 266.4 \end{aligned}$$

$$\begin{aligned} \text{Amount Paid by Umatai} &= 2220 - 266.4 \\ &= 1953.60 \text{ Rs} \end{aligned}$$
